※春学期はN2レベル相当の日本語科目を開講します。日常的な場面で使われる日本語の理解に加え、より幅広い場面で使われる日本語をある程度理解できる学生向けの授業です。

*During the spring semester, Japanese-language courses equivalent to the N2 level will be offered. These courses will provide lessons for students who can understand Japanese used in everyday situations and, in addition, who can understand the language used in a wider range of situations.

※秋学期はN1レベル相当の日本語科目を開講します。幅広い場面で使われる日本語を理解することができる学生向けの授業です。つまり論理的にやや複雑な文章や抽象度の高い文章などを読んで、文章の構成や内容、詳細な表現意図を理解し、自然なスピードでの講義やニュースを聞いて理解できる学生向けの授業です。

*During the fall semester, Japanese-language courses equivalent to the N1 level will be offered. These courses will provide lessons for students who can understand Japanese used in a wider range of situations. These lessons will specifically target students who can understand sentence structures or contents and a speaker's intention of detailed expressions by reading more abstract complex sentences, and who can follow lectures and news stories spoken at a natural speed.

※「日本語・日本事情」の授業は少人数で行われます。

*The courses are offered in a small group.

※授業は月曜日から金曜日のうち週4～5日間あります。

* Courses are offered 4~5 days a week.

※開講科目は2025年7月時点での予定です。今後、変更となる場合があります。

*The courses offered are scheduled at this time and are subject to change in the future.

■ 受講科目 Courses

1 年間（2 セメスター）の交換留学生

Exchange students enrolled for a year (2 semesters)

【最初の学期】

[The first semester]

交換留学生は【国際センター交換留学生履修科目】（18単位）を履修します。日本語能力試験（JLPT）N1の各得点区分で80%以上を獲得している学生は、【国際センター交換留学生履修科目】（18単位）に加えて、学部の正課科目のうち交換留学生履修受入科目を2科目まで履修することができます。ただし国際センター日本語担当教員の推薦と科目担当教員の合意が必要です。また、科目によっては、諸事情により、履修不可となることもあります。なお今まで最初の学期に学部の正課科目を履修した1年間の交換留学生はいません。また正課科目での成績評価の基準は、大妻の正課学生と同じです。

Exchange students are required to enroll in all the courses offered by International Center for 18 credits. Courses in the fall semester are taught in Japanese, equivalent to the Japanese Language Proficiency Test N2+ level, and the ones in the spring are taught in Japanese, equivalent to the N1 level. Exchange students with N1 (achieved more than 80% in each score category) may enroll in courses open to exchange students for up to 2 credits, from regular faculty courses (including those at the Junior College). This may incur additional conditions such as a recommendation from a Japanese language instructor from the International Center and approval from a lecturer in that particular subject area. Exchange students may not be able to take some courses depending on circumstances associated with the relevant courses. Please note that in our experience, no exchange students who were registered for 1 year enrolled in any of the regular faculty courses in the first semester. Students enrolled in those courses will be subjected to the same conditions as Otsuma students for the coursework, academic performance evaluation, etc.

【次の学期】

[The second semester]

新学期から入学する交換留学生と同じ授業を履修します。在籍している交換留学生の日本語能力に合わせて授業のレベルは多少変わりますが、原則として春学期はN2上レベル相当、秋学期はN1レベル相当の授業です。交換留学生は、国際センターが開講する【国際センター交換留学生履修科目】（18単位）を履修します。授業は月曜日から金曜日のうち週4～5日間あります。日本語能力試験（JLPT）N1の各得点区分で80%以上を獲得している学生は、【国際センター交換留学生履修科目】に加えて、学部の正課科目のうち交換留学生履修受入科目を2科目まで履修することができます。ただし国際センター日本語担当教員の推薦と科目担当教員の合意が必要です。また、科目によっては、諸事情により、履修不可となることもあります。今まで、「体育」や「地域と文化」などの正課の全学共通科目を履修して単位を取得した1年間の交換留学生もいます。また正課科目での成績評価は、大妻の正課学生と同じです。

Exchange students and new incoming exchange students will enroll in the same courses. Our Japanese language instructors will adjust the levels of the course content based on the proficiency of the exchange students; however, in principle, courses in the fall semester are taught in Japanese, equivalent to the Japanese Language Proficiency Test N2+ level, and the ones in the spring are taught in Japanese, equivalent to the N1 level. Courses are offered 4~5 days a week. Exchange students with N1 (achieved more than 80% in each score category) may enroll in courses open to exchange students for up to 2 credits, from regular faculty courses (including those at the Junior College). This may incur additional conditions such as a recommendation from a Japanese language instructor from the International Centre and approval from a lecturer in that particular subject area. Exchange students may not be able to take some courses depending on circumstances associated with the relevant courses. In our experience, some exchange students have enrolled in regular faculty courses, such as “Physical Education” and “Area Studies”. A few of those exchange students successfully passed the courses, earned credits and made friends from Otsuma. Students enrolled in those courses will be subjected to the same conditions as Otsuma students for the coursework, academic performance evaluation, etc.
